The screenshot shows a PostgreSQL client window titled 'sacco/postgres@PostgreSQL 17* X'. The main pane displays the result of the query 'select* from Officer', which returns 0 rows. Below the results, the table structure for the 'Officer' table is shown with columns: officerid, fullname, branch, contact, and role. The 'officerid' column is defined as [PK] integer, and the other three columns are character varying with specific lengths. The bottom status bar indicates 'Total rows: 0' and 'Query complete 00:00:00.310'. The taskbar at the bottom includes icons for various applications like File Explorer, Edge, and WhatsApp.
